

*Damage due to twin tornados in Lenox in 2011*

## **Taylor Countywide Survey About Hazards and Natural Disasters**

An online survey has been started to gather public opinions about disasters and their impact on our community. We ask that you take 15 minutes to answer the questions and provide feedback. Your input is very valuable to the successful effort to create a plan to reduce the risk caused by disasters and make improvements to our county to make us less vulnerable to damage and loss.

Link and QR code for the same survey:
